**LAKE H-5 LOWERING SCHEDULED AUGUST 8 - 16 FOR
SPILLGATE REPAIRS**

FOR IMMEDIATE RELEASE

Contact: Judy Gardner, [830] 379-5822, email jgardner@gbra.org

SEGUIN, TX – August 4, 2000. Lake H-5 in Gonzales will be lowered approximately eighteen inches below normal level beginning Tuesday, August 8 through Wednesday, August 16 to conduct spillgate repairs and maintenance. Lake H-5 will return to normal elevation on Thursday, August 17.

Anyone using Lake H-5 for recreation purposes during the lake lowering should exercise caution, since lower elevations may expose debris or other potential hazards that would normally be underwater. In addition, GBRA may cancel or adjust scheduled operations in the event of adverse weather conditions.
