**APPLICATION.** Guadalupe-Blanco River Authority, 933 East Court Street, Seguin, Texas 78155-5819, has applied to the Texas Commission on Environmental Quality (TCEQ) for a renewal of Permit No. 11751-001, which authorizes the disposal of treated domestic wastewater at a flow not to exceed a daily average volume of 300,000 gallons per day via irrigation of 117 acres at the Northcliffe Country club golf course. The capacity of the effluent storage pond is 11.72 million gallons. The facility and disposal site are located approximately 1200 feet northeast of the intersection of Farm to Market Road 1103 and Interstate Highway 35 in Comal and Guadalupe Counties, Texas. The facility and disposal site are located in the drainage basin of the Comal River in Segment No. 1811 of the Guadalupe River Basin.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

**PUBLIC COMMENT/PUBLIC MEETING.** A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. During the Informal Discussion Period, the public is encouraged to ask questions of the applicant and TCEQ staff concerning the application and the Executive Director's preliminary decision, but these informal comments made during the informal period will not be considered by the Commissioners before reaching a decision on the permit and no formal response will be made. During the Formal Comment Period, members of the public may state their formal comments into the official record. A written response to all formal comments will be prepared by the Executive Director and considered by the Commissioners before they reach a decision on the permit. A copy of the response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this application and provides an address. Only relevant and material issues raised during the formal comment period can be considered if a contested case hearing is granted.
