## Lake McQueeney to be Lowered October 30 for Repairs

CONTACT: Judy Gardner or Tammy Beutnagel, [830] 379-5822, email [jgardner@gbra.org](mailto:jgardner@gbra.org) or [tbeutnagel@gbra.org](mailto:tbeutnagel@gbra.org)

**FOR IMMEDIATE RELEASE**

October 20, 2005

SEGUIN---- Beginning Sunday evening October 30, Lake McQueeney will be approximately one foot (twelve inches) below normal. Guadalupe-Blanco River Authority hydroelectric crews will need the lower lake elevation in order to inspect and repair spillgates.

The work will be completed by Wednesday, November 23 and the lake level will be returned to its normal level by that evening.

GBRA advises anyone using Lake McQueeney for recreation purposes during this time exercise caution, since lower lake levels may expose debris and other potential hazards that are normally underwater.

The public is advised that scheduled operations may be canceled or adjusted in the event of adverse weather conditions.
