GBRA Regional Lab Announces Holiday Hours

For more information

LaMarriol Smith, Guadalupe-Blanco River Authority, (830) 379-5822, lsmith@gbra.org

In observance of the Thanksgiving Holiday, the Guadalupe-Blanco River Authority (GBRA) Regional Laboratory staff has announced truncated hours. As a result, the laboratory requests that individuals dropping off microbiological samples such as total coliform, *E. coli*, and fecal coliform follow the following schedule:

Nov. 24: All microbiological samples will be accepted.

Nov. 25: All microbiological samples will be accepted except Heterotrophic Plate Count (HPC) samples. Any HPC samples brought in on this day will also incur a holiday fee of four times the regular price.

Nov. 26: GBRA will not be accepting microbiological samples. Any microbiological samples that are received will incur a holiday fee of four times the charge per sample.

Nov. 27 and 28: The regional laboratory will be closed Thursday and Friday for Thanksgiving. No microbiological samples will be accepted.

Please contact the GBRA Regional Lab at (830) 379-5822, ext. 248 with questions or concerns.

The GBRA was established by the Texas Legislature in 1933 as a water conservation and reclamation district. GBRA provides stewardship for the water resources in its 10-county statutory district, which begins near the headwaters of the Guadalupe and Blanco rivers, ends at San Antonio Bay, and includes Kendall, Comal, Hays, Caldwell, Guadalupe, Gonzales, DeWitt, Victoria, Calhoun, and Refugio counties.
