U.S. Army Corps of Engineers to Close Canyon Lake Floodgates Jan. 20

Canyon Lake, TEXAS—U.S. Army Corps of Engineers (USACE) officials will close the Canyon Lake floodgates Wednesday, January 20, to perform an inspection of the flood control tower.

The dam and associated outlet works will continue to function; however, the floodgate closures will affect local river flows and may affect some river users.

For additional information, please contact the USACE lake office at 830-964-3341.

About

The Guadalupe-Blanco River Authority was established by the Texas Legislature in 1933 as a water conservation and reclamation district. GBRA provides stewardship for the water resources in its 10-county statutory district which begins near the headwaters of the Guadalupe and Blanco rivers, ends at San Antonio Bay, and includes Kendall, Comal, Hays, Caldwell, Guadalupe, Gonzales, DeWitt, Victoria, Calhoun and Refugio counties.
